Cuticura REMEDIES. Have achieved the most noted success of any Medicines of Modern Times. Messrs Weeks & Potter have never doubted the specific properties of CUTICURA, CUTICURA RESOLVENT and CUTICURA SOAP, for the speedy, permanent, and economical cure of Humors of the Blood, Skin and Scalp. They are however astonished at their universal success for it was to be expected that in the hands of some they would fail solely from spasmodic or ignorant use of them. They are enabled to say without fear of contradiction that no remedies ever achieved in the short space of one year the number of wonderful cures performed by the CUTICURA REMEDIES.

SALT RHEUM. Covering the Body for Ten Years, Permanently Cured. LAW OFFICE OF CHAS. HOUGHTON, 17 Congress Street, Boston, Feb. 28th, 1879. Messrs WEEKS & POTTER: Gentlemen—I feel it a duty to inform you and through you all who are interested to know the fact that a most disagreeable and obstinate case of Salt Rheum or Eczema, which has been under my personal observation from its first appearance to the present time—about ten (10) years—covering the greater portion of the patient's body and limbs with its peculiar irritating and itching scaly ... to which all the known methods of treating such disease had been applied without benefit, has completely disappeared, leaving a clean and healthy skin, under a few days of profuse application of CUTICURA. I can and do heartily advise all similarly affected to try the remedy which has been so effectual in this case. Very truly yours, CHAS. HOUGHTON.

LIVER COMPLAINT And Dyspepsia Treated by the Resolvent, Gains 5 1-2 Pounds on One Bottle. Gentlemen:—I have had Liver Complaint and Dyspepsia, with running sores on the side of my neck for ten years. Doctors did me no good. I have been spending for eight years and it did no good. Everything I ate distressed me. I got reduced from 179 to 137 pounds. At last I tried the RESOLVENT and it helped me right off, and on one bottle I gained five and one half pounds. It is doing the business and I am going for it strong. Yours truly, JOHN H. ROY. 411 Wabash Ave., Chicago, Ill., Nov. 1, 1879.

NOTE.—CUTICURA is a ... in cases of extreme physical weakness, or when the virus of Scrofula is known to lurk in the system, by the internal use of the CUTICURA RESOLVENT, with out doubt the most powerful blood purifier and liver stimulant in the world. CUTICURA SOAP is an elegant toilet and medicinal assistant to CUTICURA in the treatment of all external ailments. For chapped hands, rough skin and tan, sunburn, and the lesser skin troubles it is indispensable. It is a soap for the toilet, the nursery and bath it is the most elegant refreshing and healing before the public. These great remedies succeed where all others heretofore have fail because they possess new and original properties never before successfully combined in medicine. The CUTICURA REMEDIES are prepared by WEEKS & POTTER, Chemists and Druggists, Boston, and sold by all Druggists. Price of CUTICURA, small boxes 50 cents, large boxes, containing two and one half times the quantity of small, $1. RESOLVENT $1 per bottle. CUTICURA SOAP, 25 cents per cake, by mail 30 cents, 3 cakes, 75 cents.

### REDUCED FARES TO THE CHICAGO CONVENTION.

The Executive Committee of the BLAINE CLUB of MAINE having perfected their arrangements for an Excursion to Chicago to attend the Republican National Convention make the following announcement for the benefit of those Republicans who may desire to attend and aid in nominating our honored Senator, JAMES G. BLAINE as candidate for President at the coming election:

A special train over the *Eastern* Railroad will leave Portland, Thursday, May 27th on the arrival of the morning train from Bangor arriving in Boston in season for tea. The party will leave Boston for Chicago direct the same evening by special train with Wagner sleeping cars, over the *Boston and Albany, New York Central, Lake Shore and Michigan Southern Railroads* taking breakfast Friday morning at *Syracuse*, dinner at *East Buffalo* and tea at *Cleveland*, arriving at Chicago Saturday morning. Ample hotel accommodations have been engaged for 250 persons at the Gardiner and Mattison Houses and rooms will be assigned on the train to the excursionists avoiding confusion on their arrival. Hotel bills $2.50 and $3 per day.

Fare from PORTLAND to CHICAGO and return $27. Wagner Sleeping Cars to Chicago $5.50. Excursionists taken to and from Portland from stations on *Maine Central R. R.* at one fare. Tickets to be procured at all stations. Persons desiring to go can have their berths in sleeping cars assigned by enclosing $5.50 to the Treasurer of the Club, H. S. Osgood, Portland. Those wishing to secure rooms should address the Secretary, J. Swett Rowe, Augusta, as early as possible.

The committee have succeeded in arranging that the tickets to Chicago and back shall be good for fifteen days from May 27th. The train will run by the way of Niagara Falls and arrangements will be made to stop there three hours to view the objects of interest.

All Republicans are cordially invited to join the excursion.

J. R. BODWELL, President.
J. SWETT ROWE, Secretary.
Augusta, April 23, 1880.

### Republican District Convention

The Republicans of the Fourth Congressional District of Maine, composed of the counties of Aroostook, Penobscot and Piscataquis, are requested to send delegates to a Convention to be held at the CITY HALL in Bangor on

**Thursday, June 24th, 1880,**

At 10 o'clock A. M.

for the purpose of nominating a candidate for Representative from this District to the 47th Congress of the United States and also one Presidential Elector and for transacting such other business as may properly come before said Convention.

Each city, town and plantation will be entitled to one delegate and for every seventy five votes cast for the Republican candidate for Governor in 1879 an additional delegate and a fraction of forty votes in excess of seventy five will be accorded a delegate.

EZRA C. BRETT,
ELISHA W. SHAW,
LEWIS DELAITE,
HENRY R. DOWNES,
CHAS. L. DUNNING,
A. A. PATTEN,
*District Committee.*

### THE NATIONAL CONVENTION

In view of the unscrupulous methods by which the Senatorial third term junto have seized control of State Conventions and forced through a pre-arranged programme without regard to the wishes or rights of constituencies it is satisfactory to consider that in the Republican National Convention the Cameron Conkling Logan alliance will not have things their own way.

Don Cameron is chairman of the National Committee and will call the Convention to order but the temporary chairman is designated by a majority of the Committee and that majority is anti Grant. Then comes the important matter of appointing the committees on rules and orders, on credentials, on resolutions, etc., and these are constituted by the selection of one member by the delegations of each State and Territory, of which there will be 47 in all.

A majority of each delegation will control the selection of member of the committee, and as the anti Grant men control a large majority of the delegations all the standing committees will be strongly anti Grant.

The most extravagant table of claims of Grant delegates does not give him a majority in more than 14 of the delegations and that would leave the anti Grant people a majority of two-thirds on all the committees. Such a control of the organization of the Convention will render it impossible for the third termers to employ their bulldozing tactics in the National Convention and the members of that body will demand that its proceedings shall be conducted decently and in order.

The friends of Senator Blaine will be glad to know that Hon William E. Chandler for years Secretary of the National Committee, now a member of the National Executive Committee, and well known as one of the ablest political organizers in the country has already gone to Chicago with Hon Edward McPherson of Pennsylvania who presided over the last National Convention and is now Secretary of the Republican Congressional Committee and that both of those sturdy friends of the people's candidate are closely looking after his interests and confident of his nomination.

### BLAINE'S NOMINATION ON THE SECOND BALLOT

Mr W. E. Chandler sent the following despatch to J. S. Clarkson, Editor of the Iowa *State Register*, Sunday evening:

"The best and most reliable estimate that can be made this evening gives on the first ballot at Chicago—Blaine 305, Grant 2[illegible], Sherman 105, Edmunds 35, Washburne 12, Windom 10, or 289 for Grant to 467 for all others. This estimate is based upon 10 votes for Blaine from New York, and 18 from Pennsylvania, but none from Ohio or Illinois. Of the 20 contesting delegates from Illinois, elected by the strongest Republican Congressional Districts 14 are for Blaine and 6 for Washburne. I have little doubt the result will substantially verify the above estimate, and that Mr Blaine will be nominated on the second ballot. W. E. CHANDLER."

A Washington despatch to the Boston *Traveller* reported the silly story that a personal friend of Senator Blaine, a Representative in Congress from Maine, has considered the contest ended and Grant's nomination certain since the result in Illinois. Messrs. Frye, Lindsey and Reed who are the Republican members from Maine, deny having made any such statement. They express the utmost confidence in Mr Blaine's nomination.

We have received from Hon J. B. Peaks Insurance Commissioner the report of his department for the present year. We have already given quite a comprehensive abstract of this valuable report. Copies may be had by insurance companies and agents by applying to Mr. Peaks at Dover.

The Butler Democrat who "booms" for Grant as editor of the Boston *Traveller*, coolly suggests that it would be a lovely thing for Messrs. Blaine and Sherman to "withdraw" in favor of Grant! That is just what all the other Democrats would like.

### A TOUGH DOSE.

The Democrats and Greenbackers of this vicinity are given a taste of what they are to be required to swallow in the coming campaign, by the eagerness of their organ, the *Commercial*, in endorsing and championing the blatant Fogg, at once the most ignorant and most depraved of the Garcelon gang of political thieves.

The once organ of the Democratic party of this section hastens to welcome with "great satisfaction the nomination of Mr "Fogg," and to beg for it the unanimous "support of the Union party." Heaven save the mark, when Daniel Sanborn uses that word to designate a coalition to support ex Tabulator Fogg!

The whole of the Democratic and Greenback rank and file, without regard to honesty or decency, are ordered to stand up to the rack and swallow the dose, and the *Commercial* shrieks at them in italics "those who think alike must act together *or be forever lost*." It declares that Fogg and all the rest of the State-stealers must be sustained and exalted and [illegible] "There is no way but this *and to depart from it is to invite our ruin!*"

Rather a pretty predicament for a Union party when it must endorse the most rotten and villainous conspiracy of modern times, and take as its standard bearers the infamous perpetrators of the Garcelon crime against free government, *or be forever lost!*

The whole band of political outlaws from Garcelon to Fogg demand to be borne in triumph at the head of the Fusion procession, and the *Commercial* cracks the whip and shouts to all who have hitherto followed it "There is no way but this *and to depart from it is to invite our ruin!*"

Well, that makes the issue remarkably clear, and we shall see whether all the Democrats and Greenbackers of this section will rush forward to carry Garcelon, Fogg & Co. upon their shoulders.

### THE ILLINOIS BULLDOZING

EMPHATIC PROTEST FROM THE REPUBLICAN [illegible]

[From the N. Y. Tribune.]

The action of the Illinois Convention has raised a storm of indignation which the third termers will hardly dare to face. There is a practical unanimity among the Republican papers in condemning it. As it looks now, the way in which the machine rode roughshod over the expressed will of the voters at Springfield is the last thing that was necessary to end the patience of the people. The next ten days are likely to witness the loudest protest heard since the Republican party has existed.

[From the Philadelphia Press.]

It was a victory purchased at a dear cost and won in reckless disregard of the sentiment and interests of the Republican party. In his own State the majority for Grant was only 79 and had the full, legitimate delegation from Cook county been admitted it would have been practically wiped out. A success thus meagre in [illegible] and achieved by such means carries little moral effect. It was not a free expression of Republican feeling but a forced triumph of arbitrary political methods which excite public disapprobation and endanger Republican harmony.

[From the Columbus (Ohio) Dispatch.]

The Grant men in Illinois are pursuing under the leadership of Logan the same policy that was adopted in Pennsylvania by Don Cameron and in New York by the Conkling crowd. They are determined to have the State no matter what means are necessary to secure that end. It is only in the line of the past acts of the Grant men to force him upon the party, whether the party is willing or not. As we said yesterday Grant's nomination might be tolerated if such should be the fair expression of the party, but if that result is brought about by wrong, oppression and fraud, it were better that Grant have a millstone about his neck and he be cast into the sea than to accept a nomination under such conditions.

[From the Philadelphia North American.]

If the course taken by the Springfield Convention shows the ex President's strength it also demonstrates his weakness. The victory was not won without a struggle as strained the nominating machine well nigh to the collapsing point; it was not won without showing that in Grant's own State the current of public opinion against his candidature runs so strong that it can only be restrained from having its legitimate effect by the most strenuous effort. What would be thought of any other Presidential candidate who could not carry his own State without waging such a hotly contested and doubtful battle as that which went before the Springfield nomination? He would not be thought of at all.

[From the Boston Journal.]

There is but one opinion among the majority of the Republican voters in reference to the Logan proceeding, and that is that it was a high handed outrage. In their names we warn the delegates to the Chicago Convention that defeat awaits the candidate who may be nominated in defiance of right and justice. Whether the candidate be General Grant, Senator Blaine, Secretary Sherman, or any other man he must appear before the Republican voters as fairly nominated. We have faith to believe that there will be that degree of prudence and justice in the National Convention which will right the great wrong committed by John A. Logan and his followers.

[From the Chicago Journal.]

There are those, no doubt, who think that under the lead of the victorious [illegible] the Grant cause has won a glorious victory; but the truth is that in effect it has sustained a disastrous defeat. The Convention of General Grant's own State was carried only by bulldozing and a disregard of the rights of the Republicans of at least eight Congressional districts. Beyond this question there is a very large and determined opposition to the third term in Illinois. We would, if we could, persuade every Republican to waive his objections to a third term in case of Grant's nomination. It is idle, however, to talk about that or to expect any such thing. The worst has not yet come. The storm at Springfield was by no means a clearing up shower. The intolerance, unfairness and lawlessness of the bulldozers have intensified the hostility. We wish it were otherwise, but when rash men sow the wind they must expect to reap the whirlwind.

[From the Albany Journal.]

What effect will this close vote in his own State have upon General Grant? is a question which may have a very practical bearing upon the canvass. It certainly indicates no such "spontaneity" as he at once declared necessary to induce him to accept a third-term nomination, nor does it indicate any such desire for his nomination by the people as to warrant the expectation of a popular uprising in his behalf at the polls. On the contrary, it reveals the reverse of present "spontaneity" and prospective enthusiasm. A third term candidate would be a hazardous experiment under the most favorable circumstances. But to force such a candidate upon the party by the votes of a bare majority of delegates muzzled and gagged by arbitrary "instructions" and "unit rules" would be such a defiance of public sentiment as to invite discord and provoke retaliation.

No one will question William E. Chandler's sagacity as a practical politician. His figures for the first ballot at Chicago are Blaine, 305, Grant, 289, Sherman, 105, Edmunds 35, Washburne, 12, Windom, 10—or 289 for Grant and 467 against him. He predicts Blaine's nomination on the second ballot—a result by no means certain, but at the same time not at all improbable, when the enthusiasm of his supporters is considered, together with the well known fact that he is the second choice of the Windom men and the Washburne men and a large number of delegates who feel bound to vote for Grant on the first ballot.—N. Y. *Tribune*.

### HONOR TO BLAINE

At a grand meeting in San Francisco, held in 1876, to ratify the nomination of Hayes and Wheeler, Hon Tom Fitch paid the following glowing tribute to America's greatest statesman:

"But before I speak of the principles presented, and the candidates offered for our support, let me give brief utterance to the feeling that fills the hearts of many thousands of earnest Republicans who dwell in this Golden State, and who—from among the Northern Sierras and by the Summer seas, from treasure veined hills, and waving plains, and evergreen forests and busy streets—send a message to him who is lesser than Macbeth, yet greater, to the fiery and unconquerable Rupert of debate, the chivalrous white plumed Navarre of the platform, the sagacious statesman, the great hearted leader, the gifted, the gallant, the glorious Blaine. The knightly hearts that dwell by this western sea throb with uncalculated response to his manly spirit, and across mountains and deserts we bid him take heart of hope, for there shall come another day when every prize he has earned shall be his own. And we say this, not that we honor our chosen standard bearer less but that we love our great chieftain more."

### POLITICAL

Mr Swan of Minot has not yet paid that thousand to any charitable institution, as he promised.

Glad to see the Bangor *Commercial* acknowledge an increase in the population of Maine during the last decade. The *Commercial* has insisted all along that Republican rule was depopulating the State.—*Portland Press*.

We repeat our warning to the Greenbackers of Maine that a persistent attempt will be made to capture the Bangor convention, and through it the machinery of the party in this State.—*Greenback New Era*.

Some of the Fusion papers are proposing as their candidate for Governor Hon Edward Cushing of Camden. The plan won't work. Cushing is too wary to get into that trap. And besides, his last position as State Prison Inspector has too much suggestiveness to the participants in the State steal. Just imagine the election return forgers demanding the choice of a man whose business it was to see that criminals were securely kept.—*Belfast Journal*.

A Washington special says: "In Georgia Blaine has gained four votes. It is said Ex Congressman Buck, the ablest of the delegation, now claims that he will begin with a majority of Georgia's votes. Mr Bryant is not sure that this is true as now ascertained but says that he has eleven votes pledged to Blaine in the Georgia delegation without reserve."

Davis, and council, his Honor Mayor Vickery, Fish Commissioners Stilwell, of Bangor and Smith of Portland, Gen. Cook, of Rhode Island, W. H. Venning, Esq., Fish Commissioner for New Brunswick, and many prominent citizens of Augusta and adjoining towns. Appropriate remarks were made by the Governor and Mayor Vickery, after which the gates were raised and the water passed through. The affair was a great success. The fishway is one of the finest in the world, and was erected at an expense of about fifteen thousand dollars.

### PILING ON THE AGONY.

ONE OF GARCELON'S SEVEN THIEVES

The Choice of Portland Democrats as Delegate to Chicago.

PORTLAND, May 25. The Democratic Primaries to-night elected delegates to the State Convention a majority of whom favor Chas. B. Chase, of Gov. Garcelon's Council, as a delegate at large to the Cincinnati Convention.

**Launched.**

PORTLAND, May 25. The barque Carrie Winslow, 914 tons, was safely launched at East Deering to-day, from the shipyard of J. S. Winslow & Co.

### FORTY-SIXTH CONGRESS—Second Session.

**Senate.**

WASHINGTON, May 25.

The pension cases on the calendar were taken up.

The Agricultural Appropriation bill was favorably reported and placed on the calendar.

The morning hour having expired Mr. Saulsbury moved to postpone all pending and prior orders and to take up the Supervisor's bill. Agreed to.

The bill was read. It directs that the term of office of the Chief Supervisors of Elections shall be two years, such term to begin on the first day of May in each even numbered year. The terms of those now in office shall expire on the 1st of May, 1881, and their successors shall be appointed from among qualified electors of the proper judicial district by the President, by and with the advice and consent of the Senate.

Mr Bayard proposed to amend by substituting July 1st.

Mr. Hoar: Are we to understand that by the operation of this act and under the existing laws, if the Senate be not in session after July 1st, it will be impossible to fill these officers for the next election?—The practical effect is to destroy that office for the next election.

Mr Bayard: I do not understand it so. If the Senate were not in session any of these officers could be appointed under the tenure of office law now in existence, and their name would be submitted to the Senate at its next session.

Mr. Hoar offered the following amendment: "That the President may appoint such officers during the recess of the Senate who may hold and exercise their office until the next session of the Senate and it shall be the duty of the President to send such nominations within 30 days after the next ensuing session of the Senate."

Mr. Thurman moved an amendment that any person now holding or who has held the office of Chief Supervisor, shall be reappointed.

A long discussion ensued, and without coming to a vote, the Senate adjourned.

**House.**

The House met at 10, the intervening hour up to eleven belonging technically to Monday's session. That the House spent in the consideration of the sundry civil bill, public buildings being disposed of as reported, and all amendments for new buildings ruled out on points of order.

Bill amending the statutes in relation to the immediate transportation of dutiable goods was placed upon the calendar.

Although there had been a good deal of discussion on various items in the sundry civil appropriation bill, very fair progress is being made. Twenty out of 52 printed pages have been disposed of up to this hour. A communication from the Secretary of the Treasury on the subject of the lack of storage facilities for silver coin, has been read, in connection with the proposition to appropriate $100,000 for increased room.

The appropriation for the Geodetic survey was increased to $300,000 after a long discussion. The appropriation for the survey of the Pacific coast (the other being for the Atlantic and Gulf States) was increased to $180,000.

The amendment appropriating $100,000 to increase the facilities for the storage of coin was struck out. The committee rose without further action and the House took a recess until evening when a session was held for the consideration of the steamboat bill.

### PHILADELPHIA AND READING RAILROAD FAILURE.

**Receivers File their Bond.**

PHILADELPHIA, May 25. Gowen, Lewis & Caldwell appeared this morning before the clerk of the United States Circuit Court and entered joint security in $500,000 as Receivers of the Philadelphia & Reading Railroad and Coal & Iron Co.

**Failure of Another Firm.**

The coal firm of Bines & Sheaff, retail sales agents of the Philadelphia & Reading Coal and Iron Co., have temporarily suspended.

### CRIME AND ITS CONSEQUENCES.

**Attack of a Tramp upon an Unprotected Woman.**

PROVIDENCE, May 25. In East Greenwich this morning a tramp entered the farm house of Charles T. Hopkins, and when Mrs. Hopkins returned after a brief absence he was gathering up the silverware. The tramp threw her down, pounded her shockingly and stripped off her clothing. She told him he could have all the money in the house if he would let her up. He relaxed his hold, when she seized a loaded gun. The tramp unable to wrest it from her, sprang from the window, when she fired. He gave a scream and fled to the woods, where search is making for him. The woman is dangerously hurt.

**A Brutal Father.**

CHICAGO, May 25. Officers from Washington, Wis., are en route to Buffalo, where John Conrad is under arrest for throwing his crippled son down the stairs, breaking his neck. Conrad was fleeing to Germany.

### MASSACHUSETTS.

**Murder and Suicide Cases.**

SPRINGFIELD, May 25. Mrs. Wm. F. Bromley of Russell, charged with murdering her step-son, was held without bail for trial at the December term, to-day.

Samuel Butler, a well-to-do farmer, of this town, hung himself to-day.

**Woman Suffrage.**

BOSTON, May 25. The first annual meeting of the Massachusetts School Suffrage Association was held here to-day. The attendance was quite large, almost entirely of ladies. It is proposed to appoint one woman in each county in the State to enlist the interest of women in the matter of voting on school matters.

## THE COMING CONVENTION.

### Arrival of Prominent Republicans at Chicago.

CHICAGO, May 25. Among the prominent Republicans here in anticipation of the National Convention, are Hon. Wm. P. Frye and Hon. Eugene Hale, of Maine.

Hon. Wm. E. Chandler arrived to-day, and his quarters at once became the headquarters of the supporters of Blaine. A few delegates and a good many politicians have arrived.

## MORE GAG RULE.

### CHOKING COLORADO.

Anti-Grant Delegates Excluded From the Caucus.

A SECRET PASS-WORD EMPLOYED.

**A Grand and Patriotic Resolution by the Excluded Republicans.**

DENVER, May 25. The Republican State Convention met this forenoon. Col. John Cloghorn, a Grant man, was made temporary chairman. A delegate from Chaffee county offered the following: Whereas, a Republican caucus was in session last night for the purpose of determining the work of to-day's convention, and whereas, we, 81 delegates to this convention, representing Republican counties which cast, in 1878, 1700 of the 2700 majority received by the Republican candidate for Governor, were not only not invited to said caucus but absolutely excluded therefrom on application for admission, simply because of not procuring the regular pass-word, never before required at a Republican caucus; therefore, we protest against said action which completely stifles the voice of the strongest Republican counties of the State, and renders the presence of their Representatives a mockery and a farce. We have met in this convention as friends, to fight the common foe, not each other; hence we deny the right of any section of the party to take any secret action which treats us as a foe and unworthy of a share in the proceedings of the convention, though representing as we believe, the sentiment of an actual majority of the Republican voters of the State."

The resolution was not entertained. A committee on credentials, largely composed of Grant delegates, was appointed. A recess was then taken. It seems probable that a solid Grant delegation will be chosen.

### HEAVY FIRE RAGING IN BROOKLYN.

NEW YORK, May 26. At half-past twelve this morning fire broke out in the Denslow and Baicks Oil Works, 25th-st., and 3d Avenue, Brooklyn. The flames spread and about a quarter of an hour after an oil tank exploded and is reported to have killed and wounded a number of men. The flames extended to several vessels and to the Adams lumber yard. The fire is still in progress. The loss will be very heavy.

## POLITICAL.

**New Jersey Democrats.**

TRENTON, May 25. The New Jersey delegation to the Cincinnati Convention decided it unwise and unnecessary to adopt the unit-rule, as the delegation would vote harmoniously.

**Election of Governor in Rhode Island.**

PROVIDENCE, May 25. There having been no choice for Governor and Lieut. Gov. in the State election, the Legislature to-day elected A. H. Littlefield Governor, and H. H. Fay Lieut. Governor, and they were inaugurated. Both had the highest number of votes in the State election.

Right Rev. H. A. Neely, D. D., Bishop of Maine, preached in the church of the Messiah, Boston, Sunday forenoon and evening. The subject of the evening sermon was taken from Matthew xxiii. 19: "Go ye therefore and teach all nations, baptizing them in the name of the Father, of the Son and of the Holy Ghost."

Tarred paper is likely to go out of use as a roofing material. A letter from Milton, states that it was largely responsible for the quick and wide-spread proportions of the fire in that town, blazing sheets of it being whirled through the heated air and lighting up scores of simultaneous fires. Similar results will be remembered, happened at the great Chicago conflagration of 1871.

Mr. Clarence G. Bean starts for Lafayette, Ind., this morning, where he has secured a lucrative position, as superintendent of a spice mill for a large wholesale firm in that city. Mr. Bean has been clerk for Tea White for a number of years, in which position he has made a host of friends, all of whom wish him success in his new home.

The programme at Mt. Hope Memorial Day, Monday, May 31st, will be different from the usual service upon that occasion. In place of the oration, which will be delivered in Norombega Hall in the evening, there will be short addresses by some of our citizens, decoration of the graves by the comrades, singing, prayer and dirge by the band.

CHILD MURDER. Last evening the remains of an infant were discovered in Kenduskeag stream, near the Franklin street bridge, by a small boy, who immediately notified Officer Desmond. He informed Marshal Reed of the discovery, and the remains were removed to the station house. It is thought that the body must have been placed in the stream soon after birth, and that it had been in the water for some time.

SENTENCED TO THE REFORM SCHOOL. A boy named Willie Quimby, about ten years old, was sentenced to the Reform School until he is eighteen years of age, in the Police Court, yesterday. The boy's mother is dead and as he is determined not to attend school here, the authorities thought that the above institution was the best place for him. One of the officers will probably start with him this evening.

We received a call yesterday from Mr. C. H. Ruby, a delegate to the Chicago Convention from the Fifth Congressional District of Texas. Mr. Ruby is an authorized agent for the collection of funds to assist the exodus of his people from the scene of their persecution in the South, and he has personal knowledge of the hardships they have endured. He comes highly commended and we hope he may meet with success in his labors.

PROBABLE LEAD POISONING. The Newport *Times* says that Mr. Samuel Lancey, of Hartland, for a number of years a commercial traveller, representing a boot and shoe firm in Portland, died suddenly at his home in Hartland. It is thought his death was caused by lead poisoning. Some part of his house had been painted, and as it was rough, he had been sand-papering it down, preparatory to putting on another coat, when he inhaled so much of the dust as to cause his death as stated.

CONGREGATIONAL CONVENTION. The annual State Convention of Congregational churches will be held in Foxcroft, commencing June 15th. The Maine Central Railroad will run a special train for the accommodation of delegates along the line of that road. This train will arrive in Bangor at two o'clock on the afternoon of the fourteenth, and then the delegates will take a special train over the E. & N. A. Railway as far as Oldtown, where the regular train over the Bangor & Piscataquis Road will wait for them.

ACADEMY OF MUSIC. We learn that the change in the location of the proposed "Academy of Music," from the Lewis lot on Main street, to the present site of the National House, on Harlow street, is looked upon in a favorable light by many of our citizens. The Buskin Club now intend to visit each subscriber and see if they are willing that the change shall be made. If they all agree then we are sure of the building this season, as the amount already pledged is sufficient to erect the building itself.

A SMART OLD GENTLEMAN. Mr. A. M. Campbell drove out to the town of Levant Sunday, and while there his attention was called to a piece of stone wall built by Sewall Stanley, Esq., who is over eighty years old. The wall was four feet high, four feet wide and fifteen rods long, and was put up by Mr. Stanley unassisted, since last October. Mr. Campbell examined the wall carefully and said that he didn't remember of ever having seen a finer piece of work. The builder, Mr. Stanley, is one of the oldest residents of Levant, and a man that commands the respect of his fellow townsmen.

COLLEGE COMMENCEMENTS. The commencement concert at Bowdoin College will take place on the evening of July 7th. The music will be furnished by the Germania Orchestra, and May Bryant, contralto. At Colby University the commencement concert comes off the evening of July 12th, and will consist of music from the Germania Orchestra, ten pieces, Schubert's quartette and Henrietta Beebe, soprano.

AN EVENING OF COMEDY. The Boston Museum Co., in full force, numbering nineteen people, will arrive in this city this morning, and to-night will appear in Norombega Hall, presenting "My Uncle's Will," and the "Silver Spoon," a bill well adapted for a summer night's entertainment, and illustrated by the leading members of the company. Seats have sold well and a fine audience will be in attendance. To-morrow morning at eight o'clock, the company will take the steamer Sea Flower for Belfast. The boat will return at the close of the performance in Belfast. A limited number of outsiders will be taken on the trip, and stops will be made at Hampden, Winterport and Bucksport.

BRADFORD ITEMS—STRUCK BY LIGHTNING. Our correspondent writes: The dwelling house of Thomas Goodrowe, of this town, was struck by lightning during a heavy thunder shower one evening last week, and considerable damage was done. The chimney was thrown down, house floor badly damaged, two windows broken, sills were split and in the cellar bars etc., were broken. In one room a small dog was struck and killed, but fortunately the family, consisting of two persons, had retired for the night and escaped any injury.——Stephen Strout, a respected citizen of this town, died at his late residence last Wednesday after a long and painful sickness.

Mr. W. E. Chadwick, who was recently appointed Clerk at the Insane Hospital, has been obliged to resign that position, on account of his health, the confinement of the office being too much.

The ceiling of the smoking car on the St. John's train caught fire last evening between Orono and Veazie. The train was stopped and the fire extinguished with a few pails of water, before the car was much damaged.

Mr. John L. Stoddard, the lecturer, sailed Saturday for Europe, in preparation for his next season, when he will give evenings in Scotland and Ireland, Interior and Southern France, Northern Italy, Austria and Hungary.

IMPORTANT MILL PROPERTY FOR RENT. In another column notice is given that the Corporation mills, at Veazie, recently occupied by Gilman, Webster & Co., will be put in running order and rented for the season on reasonable terms. This is an excellent opportunity for any one desirous of engaging in the manufacture of lumber. R. S. Prescott has charge of the mills and any one wishing further information, can obtain the same by calling on him at number twelve Central street.

A CHANGE IN THE OFFICERS OF THE SANFORD LINE OF STEAMERS. A Boston despatch under date of the 25th inst. says: At a meeting of the Stockholders of the Sanford Steamship Company to-day the following persons were unanimously elected Directors: Royal M. Pulsifer, Oliver Ditson, Phineas Pierce, William B. Rice, Charles F. Smith. Chas. H. Drew and E. C. Sherman. At a subsequent meeting of the Directors Col. Pulsifer was elected President, Charles H. Drew elected clerk of the Corporation and Board of Directors, and Charles F. Smith elected Treasurer.

JAMESON GUARDS. The Jameson Guards have been inspected and mustered into the service of the State by Lieut. Col. White, and Assistant Surgeon Briggs, of the 1st Regiment, M. V. M. The company is in excellent condition, and it is the desire of officers and men to keep up their old standard in drill. The commissioned officers are Capt. James M. Davis, 1st Lieut. Chas. E. Collins and 2d Lieut. William E. Lord. The company turned out forty men last evening for street drill, under command of Lieut. Collins, and will come out again this evening. They have voted to accept the invitation to join in the procession Memorial Day.

A BAD CHARACTER. At about ten o'clock last night Officer Mayville had a severe tussle with a big overgrown fellow by the name of Clough. This man lives in the notorious house on the corner of Hammond and Court streets, and made considerable disturbance last night, when Officer Mayville interfered and Clough assaulted him. They had quite a struggle, but as Clough is a great deal heavier than the officer he succeeded in throwing him to the ground and fell on top of him. They did not remain in this position long, however, for as the officer is full of pluck he watched his opportunity and turned the fellow, then held him down until Officer Desmond came to his assistance, when the man was locked up. Clough is a bad character and has served a term in State Prison.

MR. VENNOR AGAIN. Mr. Henry G. Vennor comes forward again with his direful predictions of storms, heat, cold, etc. His letter is dated at Montreal, May 13th and in it he says: "I believe that June will be an intensely hot month, on the whole, but the end of the present month, and probably the first of June, will be fall-like with frosts again. July will be a terrible month for storms, with terms of intense heat, but another fall-like relapse, with frosts, will, in all likelihood, occur a few days before the 20th. I fear the storms of thunder and hail will be of unusual severity during July. I must claim the verification of my prediction relative to a cold wave, with frosts, over a large portion of the United States between the 10th and 15th of May. The relapse towards the close of the present month will be more severe than that just passed."

SHOOTING MATCH. The Androscoggin Sporting Association have decided to hold a glass ball shoot on or about the 16th of June, open to the sportsmen of the State, providing correspondence with the different clubs should indicate an attendance sufficiently large to warrant the expense. The conditions are to be as follows: Entree fee of $2, including broken glass; score, 25 single rises from card rotary trap. Three prizes will be offered for the best individual scores,—1st, a $50 Parker gun; 2nd, a $25 Remington rifle; 3d, a $15 fly rod. The diamond badge at present held by Mr. Nason, the Lewiston crack shot, is to be awarded with the first prize. Individual members of the Lewiston Association offer several smaller prizes ranging in value from $3 to $5. A probable attendance of forty was taken as a basis in making up prizes and in fixing the entrance fee. If it seems probable that a large number will participate in the match a fourth prize will be given; if a less number, the shoot will be indefinitely postponed. A sweepstake match will be arranged on the day of the tournament if time permits. Here is an opportunity for some of our crack shots.

FOR THE LADIES. Fondland bonnet strings are fringed. Mexican onyx is used for table tops. The polka dot has found its way even into engraved glass. The demand for lamps of costly pottery increases almost daily. Wine-colored pansies are as much used as those royal purple. Beetles are placed on one corner of some of the new wooden cardcases. Little sacques with hoods should be worn over the Jersey in the street. Coffee-sets are now made with each mug and saucer of an odd pattern. Foulard squares trimmed with Languedoc lace are made into breakfast shawls. Clusters of drawn work in each corner are used to finish lace bordered kerchiefs for the neck. Necklaces and very little lace are worn around the necks of dresses by some ladies who wish to be odd. Square collars, made of the same material as the dress and bordered with lace, are worn with summer costumes. Little illusion turbans, with close wreaths of flowers and leaves twisted about the brim, and a butterfly or beetle caught in the meshes of the crown, are worn by young ladies. Square cuffs and long collar, like bands of Irish point, are used to trim the waist and sleeves of dark, rich gowns, and sleeveless jackets to be worn with silk underwaists are also made.

**Psi Upsilon.**

The third annual meeting of the Maine State Psi Upsilon Society took place at the Falmouth Hotel, Portland, Monday evening. The Association was called to order at half-past six by the President, C. E. Clifford, Esq., when all the preliminary business of the Association was duly transacted, after which a banquet, got up in Mr. Shaw's best style, was appreciated by all. The oration of the evening was then delivered by Hon. J. W. Symonds. The oration was enthusiastically received by all and was an embodiment of profound thought and eloquence. The poem of Geo. E. B. Jackson, Esq., was a witty and imaginative translation of the marble slab in the history room at Bowdoin College. The officers of the ensuing year are the following:

President—C. E. Clifford.
Vice Presidents—Lucilius A. Emery, of Ellsworth, Dr. Brooks, of Belfast, Prof. Carmichael, of Bowdoin College.
Secretary—Dr. C. A. Ring.
Chaplain—Rev. F. E. Clark.
Committee on Arrangements—J. F. Clark, W. H. Moulton, J. A. P. Wheelwright.
Orator—Judge Andrew P. Wiswell, of Ellsworth.
Poet—Prof. S. J. Young, of Brunswick.

**Police Court.**

In the Police Court yesterday John Welch and Edward Lake were each fined three dollars and costs for disorderly conduct on the street.

James Keefe was fined two dollars and costs for drunkenness.

George Reed, a tramp, was sentenced to thirty days in jail for the same offence, and the mittimus was suspended on the condition that he would leave town.

**Business Items.**

Nervous debility, weakness and decline prevented by a timely use of Malt Bitters.

The deleterious effects of the use of tobacco are undoubtedly much modified by using only the finer grades. The "NORIEGA" brand of cigars are old fashioned hand-made and possess only the natural aromatic flavor of pure Havana leaf.

DOUBLE SUFFERERS.

If the thousands that now have their rest and comfort destroyed by complication of Liver and Kidney complaints would give nature's remedy, Kidney-Wort, a trial they would be speedily cured. It acts on both organs at the same time and therefore completely fills the bill for a perfect remedy. If you have a lame back and disordered Kidneys use it at once. Don't neglect them. d&w1w may22

THE MAGNITUDE OF MAN. Take a globe 7 feet in diameter, with a surface smooth as glass, let this represent the world, then place thereon one grain of sand 1-20 of one inch in thickness, and this grain of sand will bear the same proportion to the aforesaid globe, that the highest mountain in the world bears to the earth's surface. This statement is made on good authority. Now we propose to do a little more figuring in order to show what an enormous creature man must be, as seen striding up and down the earth. One of the loftiest peaks of the Andes rises to a hight of about 25,000 feet. Place a box of Stoddard's Harness Soap on its summit, and let us suppose it possible for a sufficient number of men to stand one upon another's head, so that the uppermost man shall be at an elevation that would enable him to stretch forth his hand and secure the prize, we can afford to be liberal, and will allow 6 feet to a man, 25,000 divided by 6 gives 4,166. *Shades of Lilliput! more than 4000 of such men are required to attain an altitude of 1-20 of one inch.* Where is the microscope with the aid of which one of these little specks of humanity could be discovered? Some of these atoms are very influential and are known as *great men*. Others aspire to eminence, but their ladder often proves too short. Each is supposed to be engaged in something that concerns himself, but here and there a person is found attending to matters that are exclusively his neighbor's. *All, without a single exception, from King to Peasant, put in their time for their "board and clothes,"* and it is of no kind of use to strike for higher wages. The rate is fixed and is unchangeable. It is very fortunate for the manufacturers of that famous leather dressing, "Stoddard's Harness Soap," that millions of these people keep horses, use harnesses, boots and shoes; and it is equally fortunate for the people that such a first class preparation can be procured from all respectable dealers throughout the land. may22 d7t&w1w

WHAT IT DOES.

THE MOTHER'S TESTIMONY. My little girl has been out of health for some time, and grew very much worse as warm weather approached. Nothing I could get would tempt her appetite, and I felt very much concerned about her. I cannot praise this remedy too highly.

## "IF"

If, smiling with this little worn out shoe
And scarlet stocking lying on my knee,
I knew the little feet had pattered through
The pearl-set gates that lie 'twixt Heaven and me,
I could be reconciled and happy too,
And look with glad eyes toward the jasper sea

If in the morning, when the song of birds
Reminds me of a music far more sweet,
I listen for his pretty, broken words,
And for the music of his dimpled feet,
I would be almost happy, though I heard
No answer, and saw but his vacant seat.

I could be glad, if, when the day was done,
And all its cares and heartaches laid away,
I could look westward to the hidden sun,
And with a heart full of yearning, say,
"To-night I se neared my little one
By just the travel of one earthly day."

If I could know those little feet were shod
In sandals wrought of light of better lands,
And that the foot-prints of a tender God
Ran side by side with his in golden strands,
I could bow cheerfully and kiss the rod,
Knowing he was in w ser, fairer hands

If he were dead, I would not sit to-day
And stain with tears the wee sock on my knee
I would not kiss the tiny shoe, and say,
"Bring back my darling little one to me!
I would be patient, knowing 'twas God's way,
That, sometime, I my little child may see

But O! to know the feet once pure and white,
The haunts of vice had boldly entered in
The hands that should have battled for the right
Had been wrung crimson in the clasp of sin
And should I he knock at Heaven's gate to night,
To fear my boy could hardly enter in!
